How the Hand Hygiene Excellence Award Started

2009

Idea – to launch a hand hygiene compliance prize to honor IPC professionals who do a great job saving lives

Three options:

1. Gold – Silver – Bronze – based on self-assessment
2. Gold – Silver – Bronze – based on audits - like an accreditation
3. Adding a competitive element and announcing an Award which is based on self-assessment and visit of the finalists.

Dear Dr Hennig,

I am pleased to confirm that Prof. Pittet agrees to participate in your Hand Hygiene Compliance Price meeting.
Best regards,

Hazel Morse
for Prof. Didier Pittet

>>> <thomas-joerg.hennig@bbraun.com> 26.06.09 09:06 >>>

Dear Professor Pittet?

Thank you for supporting the idea to set up a hand hygiene compliance price as a chairman.
We would like to invite you to the first project team meeting for our project "Hand Hygiene Compliance Price" in Macau on

July 6th	07:00 PM - 08:00 PM	Round-table discussion
		Set up project team, objectives,
milestones		
	08:00 PM onwards	continue discussion and dinner

We already invited Prof. Seto, Patricia Ching and Dr. Lin Moi Ling. Due to the fact that all persons including you have active parts during the congress it is almost impossible to find a time slot which fits perfectly for everybody.

Please confirm, if you are available at this time. Thank you.

FAMOUS CHAIRMAN

First Questionnaire: Example

1. System Change

System change is a vital component in all health-care facilities. It refers here to ensure that the health-care facility has the necessary infrastructure in place to allow health-care workers to perform hand hygiene.

Please elaborate how you have implemented a System Change in your hospital to increase hand hygiene awareness

OPEN ANSWER

- Please share on the principal milestones of the ACTION PLAN that was used as road map for the implementation of the hand hygiene campaigns.

OPEN ANSWER

- How is your hospital infrastructure sufficient for staff to perform hand hygiene according to the “5 Moments for Hand Hygiene”?

OPEN ANSWER

- What is the routine for maintenance and monitoring of handwashing and hand hygiene facilities?

OPEN ANSWER

- To what degree was senior management of the hospital involved in the decision setting up the handwashing and handhygiene facilities?

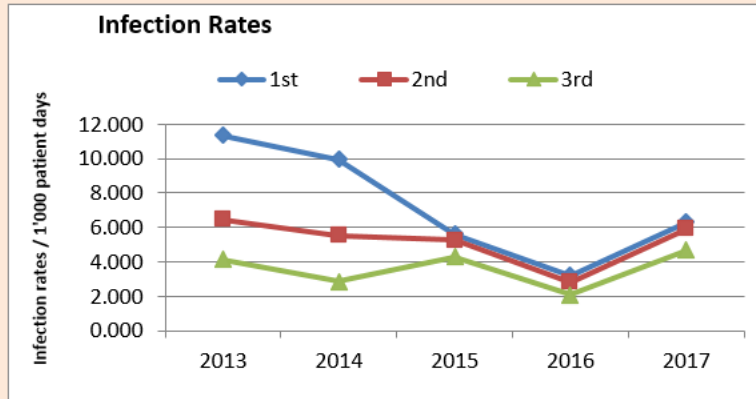

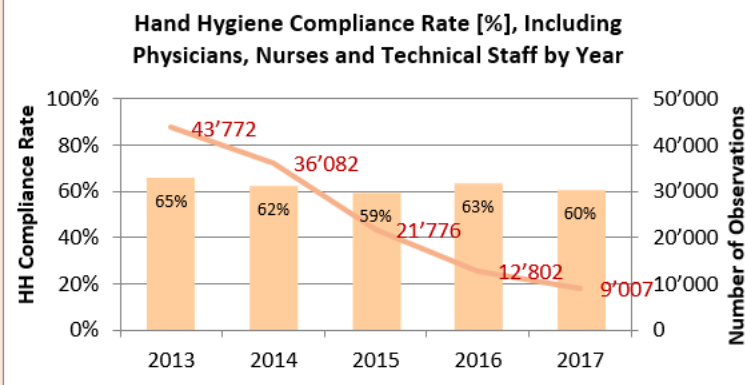

Low

Medium

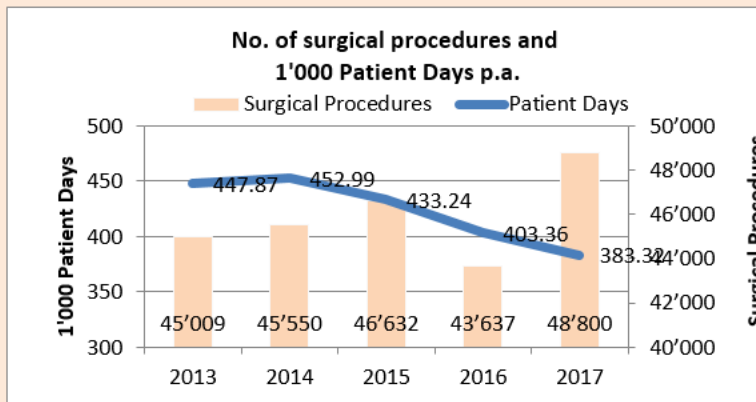

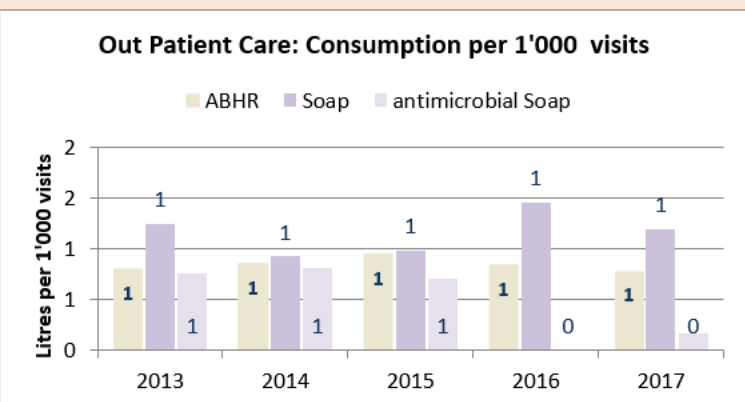

High

Very High

- Upload any documents to support your answer above (files, pictures, presentations, etc...)
